## WORK EXPERIENCE

---

### **Tata Consultancy Services** Guadalajara, Jalisco

#### **Business Intelligence Intern** September 2023 – March 2024

- Developed intelligence-sharing dashboards using Conifer Core BI Software to monitor and track key performance indicators.
- Assisted in maintaining and enhancing SQL scripts, implementing optimization techniques that significantly improved runtime efficiency and database performance.
- Performed the periodic republishing of critical datasets at regular intervals to ensure real-time accuracy and relevance of information showcased on interactive dashboards.
- Improved existing documentation for datasets and data cubes to facilitate better understanding among team members.

### **MiPawMX** Remote

#### **React Developer** March 2024 - Ongoing

- Developed custom reusable React components, reducing development time for new features.
- Translated Figma design mockups into responsive and interactive React.js pages and, ensuring design consistency and user experience fidelity.
- Integrated RESTful APIs for dynamic data retrieval, enhancing the functionality and user experience of web applications.
- Optimized React application performance, reducing page load times by 30% through code-splitting, lazy loading, and image optimization techniques.
- Worked closely with UX/UI designers to refine web components, improving usability and increasing client satisfaction scores by 15%.

## EDUCATION

---

### **B.S. Computer Systems Engineering**

**Instituto Tecnológico de Tepic** August 2018 – December 2023

**Relevant Coursework:** Programming Fundamentals, Object Oriented Programming, Software Engineering, Database Systems, Web Development and Agile Methodologies.

## SKILLS

---

### **Technologies**

**Proficient:** MySQL, Git

**Competent:** React, NodeJS, Express, Tailwind, Figma, JavaScript, TypeScript

**Learning:** Next.js, PostgreSQL, Prisma, Penpot, Storybook

### **Languages**

**English:** C1 (fluent in professional settings)

**Spanish:** Native (strong communication skills)
